SECOND ANNUAL INVITATIONAL LEGO COMPETITION

March 10
2018

RIVER CITY SCIENCE ACADEMY

INNOVATION

OPEN TO ALL K-5 STUDENTS IN NORTH FLORIDA!

TEAMS

Teams will be placed in grade-appropriate zone:

Zone 1 - K-1st Individuals & teams

Zone 2 - 2nd-3rd Individuals & teams

Zone 3 - 4th-5th Individual & teams

All teams must unanimously choose a team name. At maximum, a total of three participants of multiple grades kindergarten to fifth grade may participate in a team. Participants will be placed in a zone and judged by the oldest participant in the team.

BUILDING

Each individual or team will receive a foam board workspace of approximately 15"x20". Construction will be confined to this space only.

Individuals and teams will have a total of 1.5 hours to build their design

This will be a closed build. Only participants and judges will be allowed to enter during the competition.

COMPETITION RULES

All contestants are to bring their own loose LEGO® blocks - no kits!

Only LEGO®, Megablocks, and other compatible plastic blocks and accessory pieces may be used.

Each LEGO® structure must be built from scratch during this competition. All blocks must be completely disassembled at the time the tournament begins. Blueprints, building guides, or "cheat sheets" are not permitted. LEGOs may be separated out in baggies by color and/or size (but must be completely disassembled). The purpose of this competition is to create an original, creative LEGO® structure. We ask that children refrain from "memorizing" and rebuilding a purchased kit. The use of kit pieces to create a unique structure is permitted.

Please exhibit good sportsmanship and respect your opponents. Demonstrate grace and tolerance when working with others. Please do not touch or tamper with other Team's LEGOs or LEGO® creations.

The judges' scores will be based on originality, creativity, engineering, construction, attention to detail, and the project description.

The judges' decisions are final.

Registration Fee includes:

A 2018 LEGO® competition t-shirt

A certificate of participation

Lunch - 2 pieces of pizza, chips and a drink

AWARDS

Judges will award winners in each zone category as well as select an overall winner. Prizes include: medals, trophies, Legoland tickets, Lego sets & tablets.
